

InflamaSYN™

Promotes a Healthy Inflammation Response*

- Available in 60 and 120 Hexane-Free Softgel Capsules

NewMark's patented **InflamaSYN™** formulation represents a scientific breakthrough in promoting a healthy inflammation response.* Ongoing research from Columbia University, the Cleveland Clinic and the M.D. Anderson Cancer Center suggests that **InflamaSYN** provides broad-spectrum modulation of the enzymes and cell signals involved in eicosanoid metabolism.* Recent research studies suggest this may be an effective strategy to safely promote healthy function of the joints and musculoskeletal systems, the heart, brain, and immune system.*

Extensive research into the herbal pharmacopoeia and international scientific literature databases has revealed that the following time-tested herbs, properly extracted and blended in the correct proportions, deliver dozens of phytonutrients that may safely and significantly promote a healthy inflammation response.*

ROSEMARY Dual extracts offer highly concentrated, full spectrum eicosanoid balance and support detoxification.*

GINGER Supercritical extract modulates both eicosanoid cascades and offers numerous anti-aging constituents.*

HOLY BASIL (*Ocimum sanctum*) Contains ursolic acid, which significantly enhances detoxification and promotes a healthy inflammation response.*

TURMERIC Unique curcumin phytonutrient complex, synergistic with green tea, significantly multiplying each herb's ability to promote healthy eicosanoid balance.

GREEN TEA Proceedings of the National Academy of Sciences report green tea polyphenols exert a beneficial effect on healthy eicosanoid balance.* A major university database notes green tea contains 51 phytonutrients that promote a healthy inflammation response.*

HU ZHANG (*Polygonum cuspidatum*) Richest known resveratrol source, with each daily serving of **InflamaSYN** delivering the approximate equivalent of six glasses of resveratrol-rich wine.

CHINESE GOLDTHREAD AND BARBERRY Unique berberine phytonutrient complex naturally promotes a healthy inflammation response.*

OREGANO Source of large number of antioxidant and inflammatory modulatory compounds (31) according to USDA database.*

BAIKAL SKULLCAP Unique baicalin phytonutrient complex, naturally promotes healthy inflammation response.*

NewMark's Supercritical Extracts:

The supercritical extraction process is the gentlest way to extract delicate plant compounds in a manner that optimally preserves their potency and stability. With *NewMark's* supercritical extracts, neither the body nor the environment has to contend with chemical solvents. We take nature's finest herbs and then extract and highly concentrate (as high as 250 to 1) their precious ingredients. We do not isolate single ingredients or spike our extracts with synthesized additives.

Suggested Use: One softgel two times daily with meals, or as directed by your health care provider. Serving size: 2 Softgels

Supplement Facts

<u>Two softgels contain</u>	% DV
Rosemary (<i>leaf</i>) 100 mg supercritical extract and 50 mg extract (23% total phenolic antioxidants [TPA]-34.5 mg)	150 mg•
